

TruFlexx™

TruFlexx™

Fabric flexes throughout a full range of motion so your clothes move freely without binding, sagging or pulling.

TruFlexx™

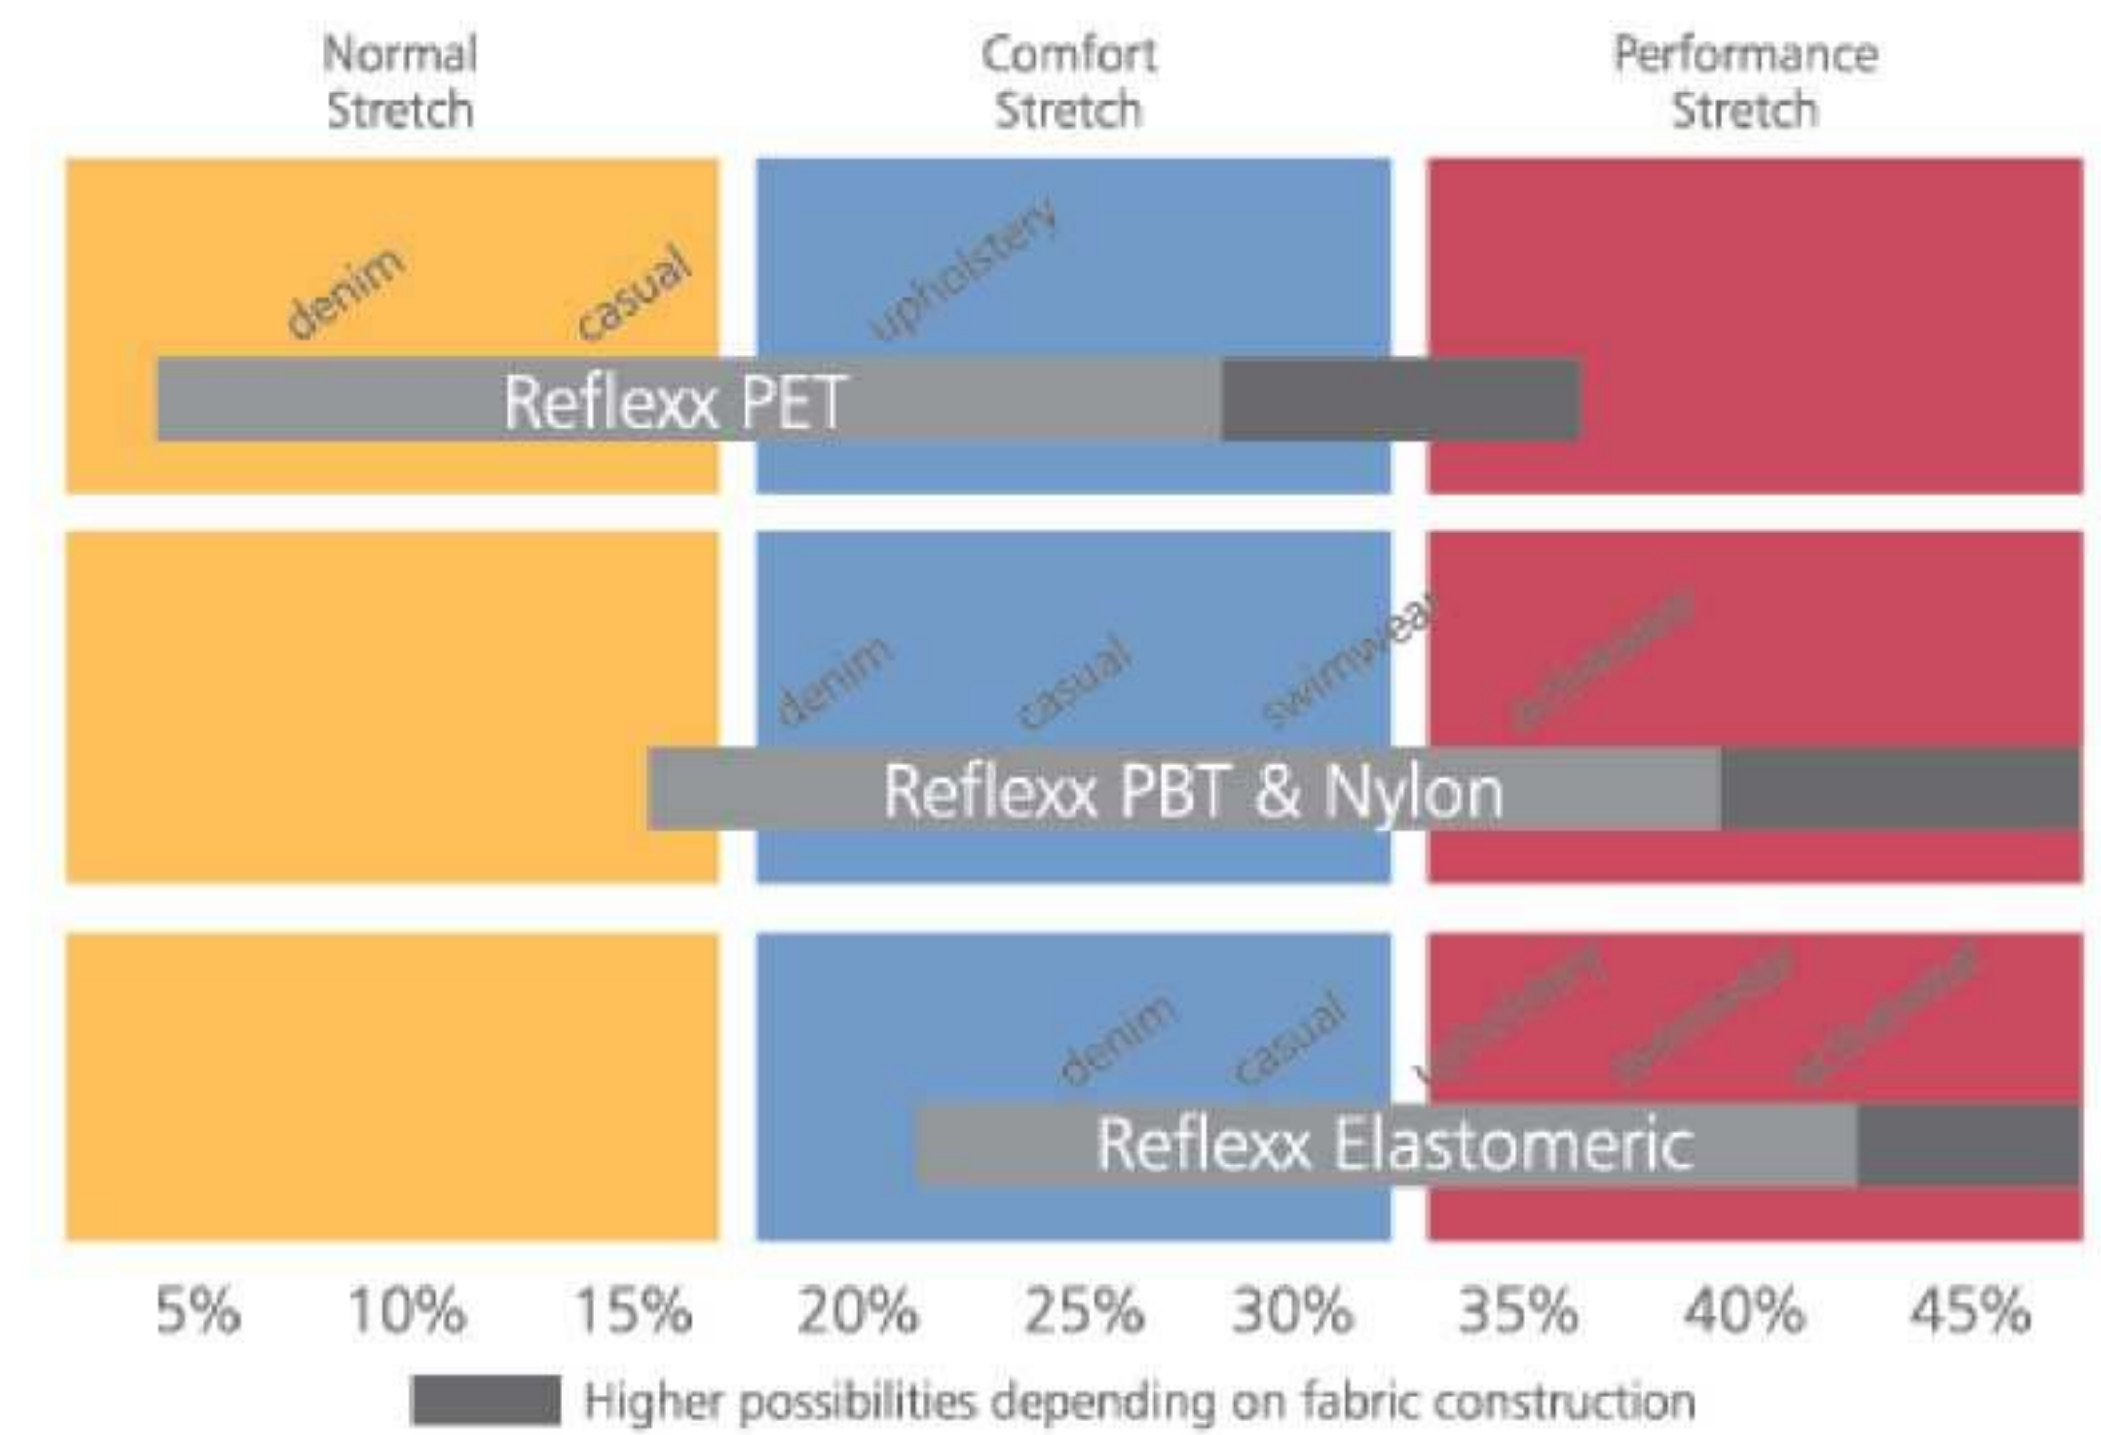

Long-lasting comfort flexes with you

POTENTIAL BENEFITS:

- Engineered to stretch and recover, adding comfort and performance
- Suitable for commercial laundering
- Provides exceptional stretch ranging from comfort to compression, depending upon construction and fabric finishing
- Quick drying and low shrinkage
- Combines well with other proprietary additives or finishes for additional benefits

AVAILABLE:

- Full range of **REPVE®**, **ProFiber™**, PBT, Elastomeric, Nylon and covered spandex
- DTY denier range at 15 to 300 with covered elastomers from 20 to 2000 denier
- Produced in US, Brazil and China; available globally

	Atmospherically Dyeable	Heat Settable	Solution Dye Available	Stretch Potential
Reflexx PET	No	Yes	Yes	Good
Reflexx PBT & Nylon	Yes	No	Yes	Better
Reflexx Elastomeric	Yes*	Yes	Yes*	Best

* with selection of proper cover yarn

END USES:

HELPFUL HINTS:

- Fabric construction, dyeing and finishing influences stretch potential
- TRUFLEXX™ has a number of yarn options, all of which are dependent upon processing capabilities, performance needs, and economic considerations

For fabric construction recommendations and dyeing and finishing guidelines, please refer to the Unifi Code of Best Practices.

For fabric certification and branding support, all products must undergo testing to ensure fabric quality and integrity.
